Today's Opportunities in India

The strong elected Mr. Narendra Modi's government is very keen to project India globally and invite overseas investment and allow foreign companies to tap the growing market in India with a population of 1.38 billion people

The Indian Prime Ministers buzz work is “**Make in India**”

To bring in economic growth and employment, the new government feels that the country should run potential growth areas of the economy as a corporation.

MAKE IN INDIA

Make in India is the latest initiative of the Government of India, to encourage companies (including overseas companies) to manufacture their products in India. It was launched by Prime Minister Mr. Narendra Modi on 25th September 2014.

The major objective behind the initiative is to focus on 25 sectors of the economy for job creation and skill enhancement.

The Initiative hopes to increase GDP growth and tax revenue. The initiative also aims at high quality standards and minimizing the impact of the environment.
